

PROCESS SOLUTIONS FOR TODAY'S INDUSTRIAL NEEDS

PUMPS

- ▶ ANSI/ASME heavy-duty, industrial process & self-priming pumps (8196 & 8175).
- ▶ Horizontal split-case multistage & single stage centrifugal pumps.
- ▶ End-suction/in line pumps (F&C/PV)
- ▶ Self-priming, back-pullout centrifugal pumps.
- ▶ Heavy duty industrial paper stock/slurry process pumps.
- ▶ Vertical turbine pumps.
- ▶ ULC/UL/FM approved split case, vertical turbines & end suction fire pumps.

- ▶ ANSI/ASME heavy-duty, high alloy industrial process and self-priming pumps
- ▶ Vertical process pumps

ARO

IR Ingersoll Rand
Inspiring Progress™

- ▶ Air operated double diaphragm and piston pumps.

GRUNDFOS

- ▶ Multistage centrifugal CR pumps

**BARNES
PROSSER**

- ▶ Submersible solids handling wastewater pumps

CRANE

WEMCO PUMP

- ▶ Peristaltic pumps
- ▶ Torque-flow/vortex non-clog pumps
- ▶ WSP self-priming trash pumps
- ▶ CHOP-FLOW pump with stationary cutter blades.

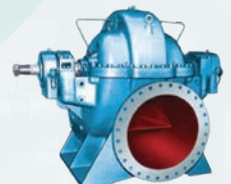

WARMAN®
Centrifugal Slurry Pumps

- ▶ Horizontal & vertical rubber-lined & hard metal centrifugal slurry pumps.

- ▶ Process and paper stock pumps
- ▶ Double-suction centrifugal pumps (Babcock & Wilcox)

Bornemann Pumps

- ▶ Progressive cavity pumps
- ▶ Twin-screw positive displacement pumps

CORKEN

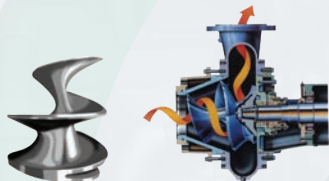

- ▶ Rotary vane pumps
- ▶ Regenerative turbines
- ▶ Industrial side channel pumps
- ▶ Industrial gas compressors

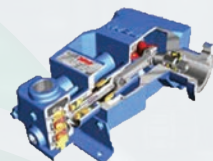

Hidrostat

- ▶ Screw centrifugal open-channel pumps

FMC Technologies

- ▶ High-pressure piston/plunger pumps

CONTINENTAL PROGRESSING CAVITY ULTRAPUMP

- ▶ Progressive cavity pumps

MAGNATEX Pumps, Inc.

- ▶ Mag-driven centrifugal ANSI & regenerative turbine pumps.

VACUUM SYSTEMS

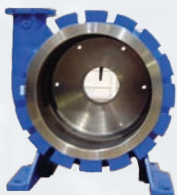

SIHI Pumps

- ▶ Liquid ring vacuum pumps, compressors & complete vacuum systems
- ▶ SIHdry vacuum pumps

PUMP SYSTEMS AND REPAIRS

WESTCAN the pump people

- ▶ Complete rebuilds & overhauls of pump
- ▶ Replacement pump parts of most pump brand

DRN INDUSTRIEL

- ▶ Custom and standard pumping systems

HEAT EXCHANGERS

StandardXchange a xylem brand

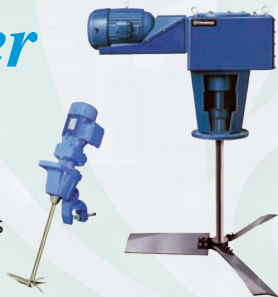

- ▶ Pre-engineered & customized shell & tube heat exchangers
- ▶ Brazed plate heat exchanger (Brazepak)
- ▶ Gasketed plate & frame heat exchanger (Plateflow)
- ▶ Air/oil, air/air or air/water heat exchangers (Airex & Fanex)

AGITATORS

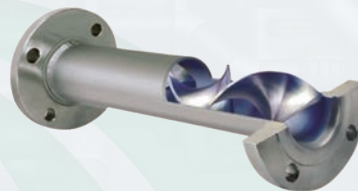

Chemineer

- ▶ Top-entering fixed mount & portable mixers in both direct & gear-driven configurations
- ▶ Vertical process mixers/agitators
- ▶ 1/4 - 300 HP designs

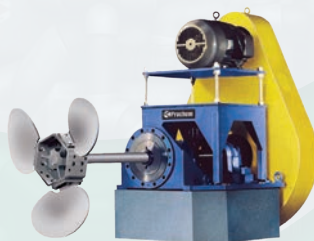

Kenics

- ▶ Static mixers
- ▶ Heat exchangers for high viscosity fluids

Prochem

- ▶ Side entry mixers/agitators

Greerco

- ▶ Pipeline mixers
- ▶ Colloid mills
- ▶ Homogenizers

PULSATION DAMPENERS

BLACOH™ FLUID CONTROL

- ▶ Pulsation Dampeners & inlet suction stabilizers

VALVES

HABONIM Industrial Valves & Actuators

- ▶ Leading manufacturer of ball valves & pneumatic actuators

FANS, BLOWERS & TURBINES

- ▶ Industrial fans, blowers and exhausters

- ▶ Single-stage steam turbines
- ▶ Steam driven gen-sets

POLLUTION & SOLIDS HANDLING EQUIPMENT

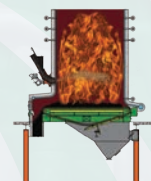

- ▶ Mechanical, hydraulic & pneumatic engineered conveying/unloading systems

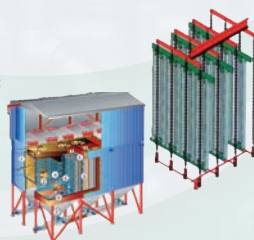

- ▶ Engineered vibrating machines to perform material handling functions like induced vertical flow, densification & induced conveying of bulk solids

- ▶ Solid fuel burning stokers
- ▶ Burners
- ▶ Replacement part/castings for many brands

- ▶ Electrostatic precipitators (wet & dry)
- ▶ Baghouses

NAO Inc.

- ▶ Combustion equipment including process flares, industrial/process burners, direct-fired air heaters, detonation/flame arrestors, process & quench sprayers, thermal incinerations & vapor oxidizers

- ▶ DRN INDUSTRIAL INC, which was established in 1988, is comprised of engineers, technicians and sales professionals that are proficient in the sizing, selection, and trouble-shooting of industrial process equipment and complex custom engineered projects. We strive to make each and every engineered solution comprehensive & cost effective. We also perform general repair, maintenance contracts and complete overhauls of pumps, fans, mixers and packaged engineered systems. We carry many pumps and parts in stock with same day shipping.
